Education

B.Tech in Computer Science and Business System **Expected 2026**
B V Raju Institute of Technology, Narsapur CGPA: 8.06/10.0

Experience

Research Intern **Aug 2024 – Present**
IIIT Hyderabad, Precog Lab — Prof. Ponnurangam "PK" Kumaraguru

Developed ethical AI frameworks for responsible LLM deployment and bias mitigation. Worked on large scale datasets concerning mass media, and elections.

Cloud Solutions Architect **Oct 2022 – Jan 2024**
Freelance Consultant

Architected scalable AWS infrastructures achieving 28% cost reduction. Implemented Docker/Kubernetes, improving deployment efficiency by 40%.

Key Projects

Elections Dashboard **Sponsored by ihub-data**
Python, Next.js, Torch

Built a comprehensive dashboard for the 2024 Lok Sabha Elections, encompassing Interactive visualizations for Fake News, Community Detection, Political Ads Spending, Toxic Memes, and Framing.

SWEARIN': Sware Words' Empirical Analysis in Romanized Indic languages **Awaiting Acceptance**
Python, Transformers, APIs

Conducted jailbreak research on the latest state-of-the-art LLMs in high and low resource Romanized Indic Languages

AI Pronunciation Coach **MGIT HackSavvy Honorable Mention**
Python, Streamlit, SciPy, Torch

Built intelligent pronunciation system rivaling state-of-the-art solutions.

AI-Enabled E-Forum Platform **3rd Prize, BVRIT R&D Showcase 2024**
Node.js, NLP, Speech Synthesis

Created a forum system deployed by the institute with automated moderation and speech-based interaction.

Secure Banking Transaction System **Academic Project**
C++, Cryptography

Engineered encrypted transaction system using multi-layer security protocols.

Technical Skills

Programming: DSA, Python, C++, JavaScript, Java

AI/ML: PyTorch, TensorFlow, LangChain, LangGraph (agents), NLP, Computer Vision

Cloud & DevOps: AWS (EC2, S3, Lambda, RDS), Docker, Kubernetes, CI/CD

Web: React.js, Next.js, Node.js, Express.js, MongoDB, HTML+CSS, SQL, PostgresSQL

Tools: Git, Linux, Streamlit, RESTful APIs, Microservices

Achievements

Participation: ACM Summer School for Responsible AI at IIT Madras, BVR SCIENT Workshop at IIT Hyderabad

Leadership: Founder & Co-Head, Year Zero Student Club (25+ members)

Awards: BVRIT R&D Showcase 3rd Prize, MGIT HackSavvy Hackathon Honorable Mention

Additional

Languages: English (Professional), Hindi (Professional), Telugu (Native), German (Beginner)
Interests: Bass Guitar, Music Composition, Literature, Motorcycling, Tennis
